

INTERNATIONAL WORKSHOP ON THE MANAGEMENT OF PERITONEAL CARCINOMATOSIS IN ADVANCED OVARIAN CANCER. THE QUESTION OF HIPEC

February 15th, 2024

MD Anderson Cancer Center Foundation Spain Auditorium

Arturo Soria 270. Madrid (Spain)

Javier de Santiago, MD, PhD

Head, Gynecologic Oncology.
MD Anderson Cancer Center Madrid, Spain

Santiago González-Moreno, MD, PhD, FACS

Medical Director. Head, Surgical Oncology.
Co-director, Peritoneal Surface Malignancy Program.
MD Anderson Cancer Center Madrid, Spain

Willemien van Driel, MD

Gynecologic Oncologist. Antoni van Leeuwenhoek
Netherlands Cancer Institute. Amsterdam, The Netherlands.

Jean-Marc Classe, MD

Surgical Oncologist, Department de Chirurgie
Oncologique, Institut de Cancérologie
de l'Ouest – Sant Herblain. Nantes, France.

Gwenaél Ferron, MD

Surgical Oncologist. Institut Universitaire
du Cancer de Toulouse. Toulouse, France.

8:30 REGISTRATION

9:00 MORNING PROGRAM

9:00 Welcome and Introductions

J. de Santiago / S. González-Moreno

9:10 Management of Advanced Ovarian Cancer: Overall Algorhythm

A. Conde, R. Márquez

9:30 Imaging studies in Advanced Ovarian Cancer. Indications and its role in surgical decision-making

R. Saiz

9:50 Prehabilitation and Enhanced Recovery in cytoreductive surgery

Irene López-Rojo

10:05 VIDEO-BASED SURGICAL WORKSHOP: CYTOREDUCTIVE SURGERY FOR ADVANCED OVARIAN CANCER. Part I

Moderators: S. Gonzalez-Moreno, W. Van Driel

10:05 General Considerations.

Principles of Cytoreductive Surgery. Decisions vs incisions. Patient position, retraction, development of preperitoneal plane and parietal peritonectomy

S. González-Moreno

10:25 Upper abdomen peritonectomies. Diaphragmatic stripping

J. de Santiago

10:45 Pelvic procedures including peritonectomy

J. de Santiago

11:05 Discussion

11:30 Coffee Break

12:00 VIDEO-BASED SURGICAL WORKSHOP: CYTOREDUCTIVE SURGERY FOR ADVANCED OVARIAN CANCER. Part II

Moderators: J.M. Classe, G. Ortega-Pérez

12:00 Omentectomy: greater, lesser, extent (infra vs. supracolic, gastroepiploic vessel

J.M. Classe

12:20 Gastrointestinal visceral resections: Appendectomy, bowel resections, gastrectomy, splenectomy (systematic or ad hoc?)

G. Ferron

12:40 Less frequent procedures: abdominal wall resection, urinary tract, pancreatectomy

G. Ferron

13:00 Technical aspects of HyPerthermic Intraperitoneal Chemotherapy (HIPEC)

S. González-Moreno

13:20 Discussion

13:40 SYSTEMIC THERAPY FOR ADVANCED OVARIAN CANCER: STATE OF THE ART

R Márquez

14:00 Interactive clinical cases

M. Fernández-Chereguini

14:30 Wrap-up and take-home messages

14:35 Lunch

15:30

AFTERNOON PROGRAM

15:30 **SURGICALLY-DIRECTED CHEMOTHERAPY**

Moderators: W van Driel, S González-Moreno

15:30 **Principles of Intraperitoneal Chemotherapy. Modalities and rationale**
G. Ortega-Pérez

15:50 **Initial audience voting: Current Indications**

16:00 **Current indications: Interval Cytoreductive Surgery. OVHIPEC1.
OVHIPEC2 and other ongoing studies**
W. van Driel

16:20 **Current indications: Platinum-sensitive recurrent ovarian cancer. CHIPOR**
J.M. Classe

16:40 **Questions and questioning about HIPEC trials**
J. de Santiago

17:00 **Discussion**

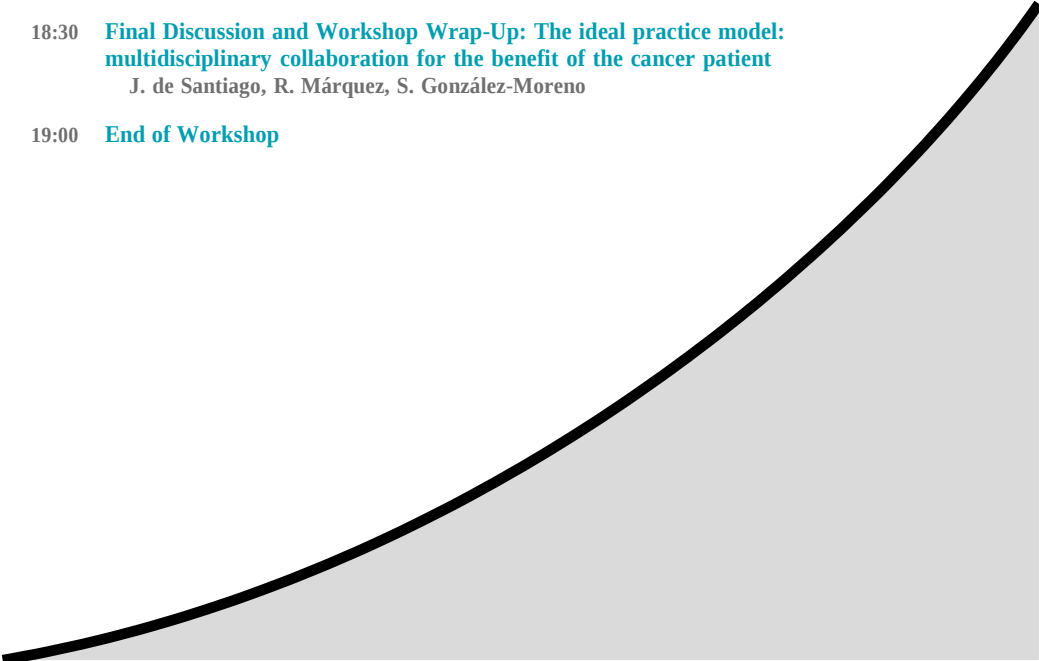

17:30 **Repeat audience voting: Current Indications**

17:40 *Coffee Break*

18:10 **HIPEC in the current landscape of targeted therapies in advanced ovarian cancer.
Any role expected?**
R. Márquez

18:30 **Final Discussion and Workshop Wrap-Up: The ideal practice model:
multidisciplinary collaboration for the benefit of the cancer patient**
J. de Santiago, R. Márquez, S. González-Moreno

19:00 **End of Workshop**

ORGANIZING AND SCIENTIFIC COMMITTEE

Ana Conde, MD

Gynecologic Oncology. ESGO Fellow. MD Anderson Cancer Center Madrid, Spain

María Fernández-Chereguini, MD

Gynecologic Oncology. MD Anderson Cancer Center Madrid, Spain

Raúl Márquez, MD, PhD

Medical Oncology. Chief, Gynecological Tumors Unit. MD Anderson Cancer Center Madrid, Spain

Gloria Ortega-Pérez, MD

Surgical Oncology. Co-director, Peritoneal Surface Malignancy Program. MD Anderson Cancer Center Madrid, Spain

Raquel Saiz, MD

Diagnostic Imaging. MD Anderson Cancer Center Madrid, Spain.
